

Prof. Dr. Ibrahim Muhammad Ibrahim

Birth date & place: 16-2-1975. Sharkia

Phone:01277774949/01117496666

Email: Ibrahim.alzoheiry@hotmail.com

Degrees Hold: PhD: Physical Therapy for surgery

PhD: Field: Physical Therapy for surgery. 2009.

- Awarded by: Cairo- University

MSc: Field: Physical Therapy for surgery. 2005.

- Awarded by: Cairo- University

BSc: Field: Physical Therapy- 1998

- Awarded by: Cairo- University

Current Position: Assis.prof. of physical therapy and acting chairman department of basic science.

Previous occupations and Experience:

1. Demonstrator in Faculty of Physical Therapy, 6 Oct. University, 1999-2005.
2. Assistant Lecturer in Faculty of Physical 6 Oct. University, 2005-2009.
3. Lecturer in Faculty of Physical Therapy, 6 Oct. University, 2009 till 2014.
4. Consultant of Electromyography in 6 Oct. University Hospital, 2007 till now.
5. Lecturer of Electromyography Faculty of Physical Therapy, 6 Oct. University, 2009 till 2014.
6. Assistant professor of physical therapy for surgery – O6U – from 7/2014 till now.

Academic Title:

M. Sc. PT: “Pressure Garment Versus Deep Friction Massage in Controlling Postburn Hypertrophic Scar 2005”.

PhD PT : “Electrophysiological Responses to Neuromuscular Electric Stimulation In Postburn Tarsal Tunnel Syndrome 2009”.

Post Graduate and Research Activities:

- 10 Researches and 20 Scientific Conferences and 11 Work Shops.

Authored Books:

- 5 books for student (AL ZOHEIRY THERAPEUTIC EXERCISE I & II – EXERCISE PHYSIOLOGY- PHYSICAL THERAPY FOR BURN AND PLASTIC SURGERY – PRINCIPLES OF ELECTRODIAGNOSIS.)

Published Papers (Local Publishing) :

- **2017** Validity and reliability of Arabic version of burn specific health scale in assessment of post burn patients
- **2016:** “Vaccumized bipolar radiofrequency in female abdominal adiposity after liposuction “, Journal of physical therapy , Cairo University.
- **2016:** “ultrasonographic response to abdominal exercises in female abdominal adiposity after liposuction “, Journal of physical therapy, Cairo University.
- **July 2012:** “Transcutaneous electrical nerve stimulation efficacy on chronic pancreatitis pain “ , Journal of physical therapy , Cairo University.
- **January 2012 :** “ Efficacy of finasteride treatment versus low level laser in frontal male and female pattern hair loss “, Journal of physical therapy , Cairo University
- **April 2010:** “Timed vital capacity responses to neuromuscular electrical stimulation

post cholecystectomy “, Journal of physical therapy, Cairo University.

Published researches (International publishing) :

- **July 2017:** Influence of wrist and fingers positions on median nerve distal latency responses within carpal tunnel in healthy subjects, to be published in World Physiotherapists & Physicians Summit 2017 (Melbourne, Australia).
- **February 2017:** Influence of wrist and fingers position on median nerve distal latency in post burn carpal tunnel syndrome, International journal of therapies and rehabilitation.
- **June 2016:** “Percutaneous electrical stimulation for management of monosymptomatic nocturnal enuresis children “ , International Journal of Pharma Tech Research
- **May 2016:** “Monochromatic infrared energy versus neuromuscular electrical stimulation in post burn tarsal tunnel syndrome “ , International Journal of Pharma Tech Research
- **May 2016:** “ Effect of underwater resistive exercise in post burned children “ , International Journal of Therapies and Rehabilitation Research
- **April 2016:** “Effect of aerobic exercise on common peroneal nerve conduction in post burn children “ , Journal of medical science and clinical research
- **March 2014:** “Electrophysiological responses to neuromuscular electrical stimulation in Post burn carpal tunnel syndrome “, Indian journal for physical therapy and occupational therapy.
- **February 2014:** “Frequency of bedwetting among primary school children in Benha city Egypt”, the Egyptian journal of human genetics.
- **January 2014:** “Radio frequency and the flabby arms in the females after liposuction “, American journal of life science.

Other Socio Academic Activities:

- General secretary for the 1st scientific conference of faculty of physical therapy October 6 University 20-21 April 2016.
- General coordinator for the Society Service & Environment Development Committee from 2015 till now.
- Director of internship year, Faculty of physical therapy, October 6 University, Egypt 2011-2014.
- Director of credit hours academic guidance, faculty of physical therapy, October 6 University 2013 till now.
