▪ Starting from 10/2015, teach hospital pharmacy and pharmaceutical quality control-2 note to 5th year students' level.

## Research experience and list of publications:

- Comparative study on the different techniques for the preparation of sustained-release hydrophobic matrices of a highly water-soluble drug.
- Salbutamol sulphate controlled release hydrophilic matrix tablets.
- Design and in-vitro evaluation of solid self nano-emulsifying drug delivery systems (S-SNEDDS) for BCS class II drug valsartan.
- Effect of formulation variables on design, in vitro evaluation of valsartan SNEDDS and estimation of its antioxidant effect in adrenaline-induced acute myocardial infarction in rats.

## Training and Attendance of conferences :

- 2<sup>nd</sup> Scientific Conference of Faculty of Pharmacy, Cairo University "Quality Assurance in Pharmacy Education" April, 26<sup>th</sup>, 2010, shared with poster under the name of: preparation and evaluation of controlled release salbutamol sulphate hydrophilic matrix tablets.
- Attended the Egyptian Pharmaceutical Society XXXII Conference of pharmaceutical sciences, December 2011.
- 5<sup>th</sup> International Scientific Conference of Faculty of Pharmacy, Cairo University "Pharmacy at the Cutting-Edge: Facing Future Challenges" April 23<sup>rd</sup> and 24<sup>th</sup>, 2014, shared with poster under the name of: design and in-vitro evaluation of solid self nano-emulsifying drug delivery systems (SSNEDDS) for BCS class II drug valsartan.
- 2015 AAPS Annual Meeting and Exposition, shared with poster under the name of: liquisolid self nano-emulsified drug delivery systems of an angiotensin II antagonist: in-vitro and in-vivo performance.
- International Conference on Pharmaceutical Technologies for Egyptians (MEDICONEX/ PHARMACONEX Congress 2017)
